\* This document provides a breakdown of the **estimated** cost for each year of each program, based on the current academic year's tuition and fee rates. These estimates are based on 100% full-time enrolment.

\* If the program includes a Spring or Summer term, these terms are included in the program cost estimates.

\* Programs with open elective/option classes may vary in cost depending on each student's selected electives/options. The estimates provided below are built with elective/option classes with upper range billing credits, therefore providing maximum program cost estimates.
